

# New to Public Health

## RESIDENCY PROGRAM™

“It’s been a great reminder of why I decided to join public health!”

-N2PH Residency Program  
Beta Testing Participant

The New to Public Health (N2PH) Residency Program is an innovative, professional development program designed to support new public health professionals transitioning into a local, regional, tribal, or state public health agency.

**Launching in September 2021!**

### Support new public health professionals:

- 12 asynchronous learning modules
- Interactive and engaging activities
- Community of learners from across the nation
- Tools and resources applicable to individual practice
- Mentors in the public health field
- Application of evidence-based learning

Learn to confidently & competently address common public health challenges. The first two cohorts are **free!**

- Health Equity
- Chronic Disease & Injury Prevention
- Emergency Preparedness
- Accountability & Performance Management
- Leadership & Policy Development
- Communicable Disease
- Maternal, Child, & Family Health
- Access to & Linkage with Clinical Care
- Environmental Health
- Communication & Community Partnership Development
